

## Symbiont Summer – BP

3/66 sulfur amino acid metabolic process

**p < 0.001**

0/91 secondary metabolite biosynthetic process

**p < 0.01**

15/490 cellular homeostasis

*p < 0.05*

2/16 positive regulation of phospholipid metabolic process

**Up-regulated**

**14/275 cytoplasmic translation**

**Down-regulated**

2/11 disaccharide biosynthetic process
