

7/80 organelle envelope lumen

38/975 organelle envelope

11/343 mitochondrial matrix

7/228 mitochondrial protein-containing complex

1/98 oxidoreductase complex

5/55 small ribosomal subunit

35/1156 ribonucleoprotein complex

3/63 histone deacetylase complex

4/53 cell-cell contact zone

15/287 anchoring junction

7/179 membrane raft

5/187 cell projection membrane

9/232 cell leading edge

47/1028 somatodendritic compartment

10/262 postsynapse

4/55 neuronal cell body membrane

5/139 synaptic membrane

27/639 plasma membrane region

33/606 obsolete intrinsic component of plasma membrane

25/309 cell surface

9/188 secretory granule membrane

26/584 secretory vesicle

15/352 supramolecular fiber

4/213 actin cytoskeleton

9/194 non-motile cilium

24/459 cilium

12/174 motile cilium

8/75 dynein complex

9/148 microtubule associated complex

15/381 cytoplasmic region

8/139 plasma membrane bounded cell projection cytoplasm
