

6/162 leg disc development

112/2402 regulation of nervous system development

76/1643 cell fate commitment

153/3365 tissue morphogenesis

5/89 somatic muscle development

89/1687 regeneration

7/140 regulation of axon guidance

28/614 regulation of cell morphogenesis

20/440 establishment or maintenance of cell polarity

6/103 neuron maturation

61/1369 germ cell development

28/423 epidermis development

6/157 regulation of cell projection assembly

42/1106 regulation of cellular component biogenesis

4/175 B cell activation

3/130 branching involved in open tracheal system development

6/151 cell recognition

21/196 reproductive behavior

120/2207 behavior

48/832 cognition

4/60 obsolete multi-organism behavior

60/1145 detection of stimulus

7/106 sensory perception of chemical stimulus

9/127 neuromuscular process

42/800 regulation of system process

11/164 inorganic anion transport

9/188 G protein-coupled receptor signaling pathway, coupled to cyclic nucleotide second messenger

11/202 short-term memory

4/105 regulation of leukocyte migration

3/108 leukocyte migration

35/870 organelle assembly

6/134 microtubule bundle formation

76/1921 cytoskeleton organization

11/137 cilium movement

1/25 ventricular system development

12/169 smoothened signaling pathway

17/283 regulation of protein stability

4/183 regulation of small GTPase mediated signal transduction

7/177 regulation of muscle cell apoptotic process

12/167 protein folding

11/136 sodium ion transport

13/370 DNA replication

8/161 response to ionizing radiation

36/1218 RNA processing

5/111 ribosomal large subunit biogenesis

13/482 obsolete ncRNA metabolic process

1/57 spliceosomal complex assembly

3/98 DNA-templated transcription termination

13/444 post-transcriptional regulation of gene expression

14/209 protein localization to nucleus

59/1518 protein transport

7/118 mitochondrial gene expression

3/28 cytochrome complex assembly

33/668 mitochondrion organization

12/214 mitochondrial transport

2/68 pyrimidine-containing compound metabolic process
