

5/55 small ribosomal subunit

35/1156 ribonucleoprotein complex

18/331 obsolete cytosolic part

3/193 spliceosomal complex

2/45 endonuclease complex

3/52 obsolete integral component of mitochondrial membrane

38/975 organelle envelope

7/249 mitochondrial protein-containing complex

50/1089 somatodendritic compartment

12/296 neuron projection terminus

11/203 perikaryon

8/217 membrane microdomain

2/53 ciliary membrane

12/365 cell leading edge

60/1399 obsolete intrinsic component of plasma membrane

13/273 basolateral plasma membrane

9/90 apical junction complex

20/393 anchoring junction

9/199 secretory granule membrane

84/1788 obsolete cytoplasmic vesicle part

5/162 Golgi-associated vesicle

27/381 cell surface

17/377 side of membrane

2/115 autophagosome

3/85 photoreceptor cell cilium

25/543 cilium

12/174 motile cilium

42/946 microtubule cytoskeleton

9/148 microtubule associated complex

8/75 dynein complex

18/498 cytoplasmic region

4/218 actin cytoskeleton
