

5/95 PDZ domain binding

85/2110 signaling receptor binding

17/578 cytoskeletal protein binding

9/178 cell adhesion molecule binding

10/358 lipid binding

17/245 monoatomic anion transmembrane transporter

6/27 sodium channel

13/257 voltage-gated channel

8/154 unfolded protein binding

10/204 electron transfer

50/1076 hydrolase, acting on acid anhydrides

10/129 polypeptide conformation or assembly isomerase

5/107 catalytic, acting on a tRNA

11/265 catalytic, acting on DNA

3/27 translation elongation factor

27/682 RNA binding

7/112 translation factor

4/41 regulatory RNA binding

3/67 rRNA binding

1/27 phosphorus-oxygen lyase

1/59 acetyltransferase

2/100 obsolete protein transporter
